Nursing Assistant

Recent years have witnessed an unparalleled expansion of knowledge in all facets of human endeavor. The area of life and health science has been well represented in this expansion and today occupies an extremely active segment of the scientific community. Indeed, the pace has been so rapid that entire new fields now provide opportunities nonexistent a few years ago.

It is imperative today that all students gain understanding and appreciation of the earth on which we live and the life it supports. Understanding scientific reasoning is crucial to the development of a student's critical thinking capacities. Students also need wellness education. At a time when technology has increased the pace of life, knowing how to maintain physical health and well being becomes increasingly important. All of this places heavy responsibility on institutions of learning to provide current and relevant experiences so that each generation will be able to handle successfully the problems it will inherit. The Life and Health Science Division at Northwest College strives to provide this experience.

Biology

The study of biology includes courses designed to help students acquaint themselves with the structure and function of living organisms and to appreciate some of the ecological relationships existing in the world of life. The biology courses required in this specialization parallel those found at four-year institutions and should transfer without difficulty. Students must successfully complete core courses with a "C-" or better to meet specialization requirements. Recommended courses are designed to aid students in completing their four-year degrees. Students planning to transfer to a four-year program may need to have additional hours beyond the specialization requirements at Northwest College in order to transfer in as a junior. These students should consult with their advisor and the appropriate four-year college catalog.

Biology Education

For secondary education, to facilitate transfer to a four-year college as a junior, students planning to become middle school or

high school biology teachers are encouraged to complete both the Secondary Education specialization and at least a specialization in the subjects they plan to teach. Consult your advisor every semester when selecting courses.

ASSOCIATE OF SCIENCE with specialization in BIOLOGY

General Education Requirements

Number and Title	Credits
Students should refer to the Graduation Requirements on pages 29-37.....	31-37

Eight hours of Science are fulfilled by taking Core Courses

Core Courses

Number and Title	Credits
BIOL 1010—General Biology I.....	4
BIOL 2020—General Biology II	4
BIOL 2395—Biological Research (Capstone Course).....	1
or	
BIOL 2385—Research in the Life and Physical Sciences (Capstone Course).....	3

Core Electives

Students must take three courses from the following list of approved courses.

Number and Title	Credits
BIOL 2200—Genetics	4
BIOL 2400—Ecology	3
BIOL 2410—Field Ecology Lab.....	1
BOT 2050—Taxonomy of Flowering Plants	4
MOLB 2210—General Microbiology.....	4
ZOO 2400—Vertebrate Natural History.....	4
TOTAL	20-24

Transfer and General Electives selected in consultation with advisor16-20

Recommended Transfer and General Electives

Track I and Track II courses are designed to fulfill degree requirements at different four-year institutions.

Track I

Students seeking a degree more advanced than a Bachelor of Science should pursue Track I.

Number and Title	Credits
CHEM 1020—General Chemistry I	5
CHEM 1030—General Chemistry II.....	4

CHEM 2320—Organic Chemistry I.....	4
CHEM 2340—Organic Chemistry II.....	4
MATH 1450—Precalculus Algebra and Trigonometry.....	5
MATH 2345—Survey of Calculus.....	5
PHYS 1110—General Physics I.....	4
PHYS 1120—General Physics II	4
STAT 2050—Fundamentals of Statistics.....	3

Track II

Students stopping at an associate of science or bachelor of science degree should follow Track II.

Number and Title	Credits
CHEM 1000—Introduction to Chemistry ...	5
CHEM 2300—Introduction to Organic Chemistry	4
MATH 1400—College Algebra	4
PHYS 1110—General Physics I.....	4
STAT 2050—Fundamentals of Statistics.....	3

Recommended General Electives for either Track

Number and Title	Credits
CO/M 1010—Public Speaking	3
ENGL 2017—Introduction to Research.....	3
PHIL 2420—Logic I: Critical Thinking	3

MINIMUM CREDITS FOR DEGREE = 64

Natural Resource Biology

This specialization includes areas in **Environmental Biology, Forestry, Resource Management, and Wildlife Management**. The specialization of Natural Resource Biology provides coursework concerning ecological communities, plant and animal studies, and the Geographic Information System. The courses required in this specialization parallel those found at four-year institutions and should transfer without difficulty. Students must successfully complete core courses with a “C-” or better to meet specialization requirements. Transfer courses are designed to aid students in completing their four-year degrees. Students planning to transfer to a four-year program may need to have additional hours beyond the specialization requirements at Northwest College in order to transfer in as a junior. These students should consult with their advisor and the appropriate four-year college catalog.

Core Courses	21-24
--------------------	-------

The pre-baccalaureate Nursing Program requires a strong core of general education and science courses. Students should develop a plan of study with their advisor.

TOTAL 21-24

MINIMUM CREDITS FOR DEGREE = 64

Associate of Applied Science Nursing

The Northwest College Associate of Applied Science Degree Nursing Program is approved by the Wyoming State Board of Nursing and accredited by the National League for Nursing Accrediting Commission. (NLNAC, 61 Broadway 33rd Floor, New York, NY, 10006, 800-669-1656, ext 153, FAX 212-812-0390.) The two-year program of study leads to an Associate of Applied Science Degree in Nursing. Upon successful completion of the program, students are eligible to take the National Council Licensure Examination for Registered Nursing.

The program is open to all individuals interested in a career in nursing. Classroom, laboratory, and clinical experience are integrated throughout the program. The student gains nursing experience in

patient care under the direct supervision of qualified instructors.

To be eligible for graduation from Northwest College, students must satisfactorily complete the curriculum as outlined in the Northwest College catalog for the academic year of admission into the Nursing Program.

Criteria for admission to the Nursing Program are:

- Completion of standard Northwest College application.
- Completion of a Nursing Program Letter of Intent.
- Three letters of reference.
- A goal statement that addresses your reason for the choice of nursing as a career and what you see as the role of a nurse within the health care arena.
- A personal interview with nursing faculty.
- Evidence of high school graduation or GED (score of 500 or above).
- Cumulative GPA of 2.5 (most recent high school transcript or last 12 credits of college coursework or GPA on those courses taken as required by the Northwest College Nursing Program, at least 12 credits).
- Placement at math level 2 (eligible to take MATH 0930). Math testing is required for courses older than five years.
- Completion of ZOO 2010 – Human Anatomy & Physiology I (within the past five years), PSYC 1000 – General Psychology, and ENGL 1010 – Introduction to Composition with a grade of 2.0 or better in each course.
- ACT score of 20 (applies to first two years after high school graduation. Successful college work may fulfill this criteria).
- Nurse Entrance Test composite percentage of 74 or above.
- Evidence of successful completion of a Nursing Assistance course which makes the candidate eligible for certification or certified as a Nursing Assistant. (This is not required for acceptance into the program, but it is required prior to entrance in the fall semester, freshman year).

Students admitted to the program may anticipate additional expenses for student uniforms, name pins, shoes, liability insurance fees, travel to clinical facilities, stethoscopes, bandage scissors, licensure fees, plus meals, transportation, and housing for off-campus activities. Students must provide their own transportation to the clinical facilities.

Current licensure as a Practical Nurse or completion of a Practical Nursing Program is required to be eligible for advanced placement into the second year of the Nursing Program. Students will be admitted for advanced placement depending on space availability and the following:

- Completion of a standard Northwest College application.
- Completion of an Advance Placement Nursing Program Letter of Intent.
- Cumulative GPA of 2.0 on a 4 point scale from the Practical Nursing Program attended.
- Completion of the LPN Gap test.
- Completion of a Skills Laboratory and Clinical Challenge Examination, if deemed necessary by the nursing faculty and Director of Nursing.
- Licensure as a Practical Nurse or eligibility for Licensure Examination for Practical Nursing.
- Completion of the following general education courses with a grade of “C” or better:

ZOO 2010 – Human Anatomy and Physiology I (4 credits)

ZOO 2020 – Human Anatomy and Physiology II (4 credits)

PSYC 1000 – General Psychology (4 credits)

CO/M 1025 – Communication for Health Care Professionals (2 credits)

ENGL 1010 – Introduction to Composition (3 credits)

- Placement at math level 2 (eligible to take MATH 0930). Placement testing within the last five years.
- Completion of NRST 2500 – Role Transition – PN to RN.
- Three letters of reference
- A personal interview with the nursing faculty

**NORTHWEST COLLEGE
COMPREHENSIVE SKILLS
CERTIFICATE
PRACTICAL NURSING**

This certificate program provides a solid foundation in the principles and theories of nursing for students planning to practice as Licensed Practical Nurses in the health care setting. Students must successfully complete general education requirements and core courses with a “C” or better to meet certificate program requirements. Students who successfully complete the certificate program will be eligible to take the National Council Licensure Examination for Practical Nursing.

Contact the Director of Nursing for details on admission criteria.

**NORTHWEST COLLEGE SKILLS
CERTIFICATE
NURSING ASSISTANT**

This Northwest College certificate is designed to prepare students to take the national CNA examination to acquire state certification by providing basic theory principles and skills necessary to provide client/resident care in the health care setting. The student will be made aware of how state and federal laws as well as policies and procedures of the institution govern the practice of the nursing assistant. Special emphasis is placed on the role of the nursing assistant in meeting the physical, psychosocial, mental, spiritual, and cultural needs of the client/resident. The student will be introduced to medical vocabulary and terminology to give the students a working knowledge of medical terms, the use of prefixes, suffixes, word roots, and combined forms of words.

Number and Title	Credits
NRST 1200—Medical Terminology.....	2
NRST 1510—Nursing Assistant.....	4
