NORTHWEST COLLEGE

**Voted on by
The Northwest College Board of Trustees July 13, 2015**

Northwest College fosters an open and non-discriminatory environment throughout the College community. To this end, the College advocates the use of words and actions which promote and encourage individual and collective respect and dignity. Northwest College opposes language and actions which in any way demean others on the basis of their race, gender, national origin, sexual orientation, religious preference, physical characteristics, disability, ancestry, or age. Within the context of First Amendment rights, the College is committed to the elimination of discriminatory language and actions from the College community.

BUDGET NARRATIVE FISCAL 2015-2016 BUDGET

We are presenting the annual budget for fiscal year 2016, which is the second year of the 2015-2016 biennium. This budget was developed to meet specific priorities and targets set by the institution in our strategic plan. The Budget Committee identified budget priorities based on student success initiatives, assessment data and the NWC strategic plan. These priorities were developed keeping in mind the current downward trend in enrollment, levy and appropriation funds and has been approved by President Hicswa.

In 2010 Wyoming Community College Commission (WCCC) developed a new funding model to replace the comparative model. The formula is based on fixed and variable costs, the variable cost or instructional costs are allocated based on NWC's number of credit hours in relation to the total number of credit hours of all the colleges. Fixed costs are allocated based on historical data. During the 2013 – 2014 biennium WCCC added the percent of program completion as the third component to the allocation formula. 10% of the variable cost was adjusted according to the College's completion rate compare to a benchmark rate set by the WCCC. In FY2014 we were .74% below the benchmark and lost \$4,225 in funding. For the FY2015 biennium the formula was changed to distribute 15% of variable cost using course completion based on volume and as a percentage of system class completion. Our funding decreased slightly in FY15. For FY2016 the formula was changed again to distribute 20% of variable cost using course completion based on volume and as a percentage of system class completion. For FY2016 our funding is expected to increase slightly.

In 2013 the State Legislators, based on Governor Mead's recommendation, approved a supplemental budget that included a 6% cut in State funding for the University and Community Colleges. For NWC the 6% cut reduced our funding by \$727,000 for FY2014. The 2014 State Legislators restored some of the enrollment growth funding and NWC received an additional \$270,000 in FY2015 but is budgeting for a reduced appropriation for FY2016 due to the elimination of a budgeted reversion and actual recalibration amounts from FY2015.

For the FY2014 budget we based FY2014 tuition revenue on the FY2013 enrollment levels and calculated with new tuition rates which include a 5% increase in tuition. Actual tuition in FY2014 was down by approximately \$250,000. The WCCC commission approved another 5% increase in tuition for FY2015. For FY2015 we projected another decrease in enrollment of 4%. Actual tuition revenues decreased by an additional \$154,000 or roughly 4% beyond the budgeted decrease. For FY2016 no tuition increase was approved by the WCCC commission and enrollment is tentatively budgeted to decrease an additional 3% or \$54,200 based on the expectation that enrollment declines are slowing but potentially still in decline. Overall, tuition revenue and fees is budgeted to decrease budget to budget year by \$326,308 due to the original budgeted FY2015 and the additional three percent decrease off of FY2015 actuals.

In FY2014 the county valuation decreased by about 3% due to a decrease in mineral values. We experienced a decrease in local funding of \$110,000. In FY2015 the county valuation was expected to remain level and resulted in small decrease of \$14,000. For FY2016 mineral values are estimated to remain stable with a minor decrease resulting in a budgeted reduction of \$2,213.

We anticipate our total unrestricted operating revenues to decrease by about \$341,033 from budget FY2015 to FY2016.

The budget planning committee includes the president's advisory council (PAC) and representatives from each of the constituency groups to review the budget and to keep the campus informed on the process. The committee reviewed requests for the use of recalibrations funds received in FY2015 but also spend a large portion of time discussing the continued decrease in enrollments, appropriations and levy decreases due to expected reduced mineral revenues. At mid-year the budget committee estimated a potential reduction of revenues somewhere in the range of \$600,000 to \$750,000. The committee reviewed all open positions, interim positions and operating expenses for potential reductions while keeping in mind the imperatives of the strategic plan to guide their recommendations.

These imperatives are as follows:

- **Imperative #1:** Northwest College shall be the preeminent two-year educational institution in Wyoming.
- **Imperative #2:** Northwest College shall be a great place to work.
- **Imperative #3:** Northwest College shall be meaningfully connected to the high schools and workplaces of the communities it serves.

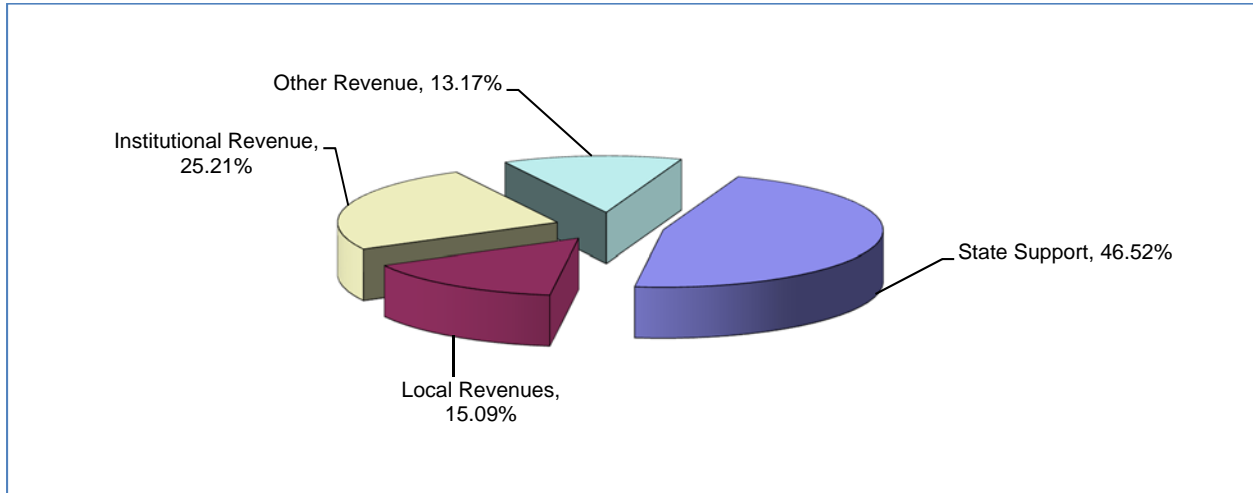

The Budget Committee identified the following priorities for the budget planning process:

- Hire all open faculty positions – This recommendation supports imperative one by adequately staffing faculty positions to maintain educational opportunities.
- Renew Interim Staff positions – This also supports imperative one by maintaining smooth operations and student services.
- Hold all positions as they become open and review each position before rehiring. Natural attrition may eliminate or minimize any needed reductions of force. Replace positions as revenue becomes available. – This supports imperative one and the need for Northwest College to maintain operations that maintain its preeminence. It also supports imperative two and the desire for the College to support a great place to work.
- Revisit all budget lines and perform ongoing review and improvements – During FY15, the College hired a new Vice President of Administrative Services, The Finance Director also left during FY15 so now is an excellent time to review all budgeting processes. Additionally, this recommendation comes on the heels of potential reduced revenue funds from the state appropriations and ongoing concern for mineral tax revenue in the near future. Expenditures need to be diligent and strategic to maximize the use of revenues and expand college opportunities for growth.

Current Funds

Current funds include unrestricted operating funds (including community service and continuing education), auxiliary funds, one-mil funds, and restricted current funds. Budgets are presented as balanced with strategic use of surplus balances transferred to reserves or prior carry over balances used for budgeted deficits. Areas of deficit are scheduled for a full analysis during FY2016. When comparing the size and strength of the college, in financial terms, with comparable institutions, these figures are the commonly accepted by NACUBO basis for such comparison.

Current fund revenues are subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mil, motor vehicle, and one-mil levy), institutional revenue (tuition, fees, and auxiliary revenues), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2016 budget are listed below:

Unrestricted Operating Fund

The unrestricted current operating fund represents the largest portion of the educational and general operational financial activities of the college. Its revenue is largely determined by the Funding Allocation Model of the WCCC, which establishes funding levels for the Wyoming community colleges in part on the basis variable or instructional cost per credit hour and fixed costs.

As a part of the current funds, operating fund revenues are also subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mil and motor vehicle), institutional revenue (tuition and fees), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2016 budget are listed below:

Unrestricted Revenue

We are anticipating an increase in our block State funds of approximately \$38,000 for FY2016. We will not budget for recalibration/redistribution monies as they are unknown at this time. In addition to our block State funds we receive additional State appropriations on a reimbursement basis for health insurance premiums (approximately \$2.7 million) and continuing this year, a special State supplemental allocation for three nursing faculty positions (WyIN) (\$242,000).

Local tax revenues are projected to be approximately \$3.5 million for the 4-mil levy and \$973,641 for the 1-mil levy for FY2016. The County is predicting a flat revenue cycle in the county valuation. The county will be watching revenue projections closely as they are expected to decrease in FY17. The College will work with the County to stay abreast of all projections.

Projected institutional revenues from tuition are anticipated to decrease by about \$326,308. We are watching enrollment numbers closely and are seeing a stabilization to our estimates but have maintained a 3% decrease in enrollment for the 2016 academic year due to the downward trends we have seen. No tuition increase has been approved by the WCCC for FY2016. A review of all course and student fees will be planned for FY2016 as costs continue to increase.

Restricted Revenue

Restricted revenues projected here are for grants and other funds that we are currently holding or for which we have already received authorization, such as Pell, SEOG and Federal Work study funds. Most competitive federal grant award years do not start until August or September and will be added in our first quarter budget adjustments.

Unrestricted Operating Salary & Benefits

During the 2014 legislative session, Governor Mead recommended an increase in salaries for community college employees of 2.0% and the Legislature approved funding for a 2.375% salary increase. The State funded 62% of the payment for operating employees and the College funded the remaining 38% from operating funds. Auxiliary and grant employees also received the salary increase payment. This increase was implemented in FY2015. No additional funds were scheduled for FY2016 from the State. Due to decreased enrollment and state appropriations, no increases have been budgeted for employees for the FY2016 budget.

Auxiliary Enterprises

Residence hall rooms and Trapper Village West apartment rates were not recommended to be increased for FY2016. Food rates were increased by 3.5% to offset anticipated inflationary increases. All Auxiliary Fund areas were budgeted to maximize revenues and still remain affordable to our students. The Child Care Center will maintain their current rates for this year. Support was budgeted in the areas of Child Care (\$100,000), Fitness Center (\$10,500), Livestock (\$10,000) and Print Services (\$15,500) from one mil funds. A full review of all auxiliaries will be performed over the FY2016 operating year. Carry over funds have been committed to the Fitness Center as a new business model is under development and staffing has been expanded. The Simpson Hall Bond refinancing was finalized in FY2015 and the

refinancing will reduce the annual lease payment from the College by \$102,000. Bond payment liability has been eliminated in the one mill fund and a review of room rates will be performed to address the shortfall of revenue to cover the bond payment from the residence hall auxiliaries for FY2016. Finally, Student Senate fees will remain the same for FY2016 but a review of student fees will occur due to increasing costs associated with the Student Health and the Fitness Center.

How to Read This Report

This budget for the fiscal year of 2015-2016 follows the format based upon National Association of College and University Business Officers (NACUBO) guidelines.

These forms are organized in series of three reports each, such as (01, 02, 03), (21, 22, 23) and (31, 32, 33) and so on. The first number of the series indicates the fund type thus, the first series of 0 illustrates a summary of all of the other report series excluding plant fund and endowments, series 2 illustrates unrestricted operating fund with community and continuing education included, series 3 illustrates auxiliary services, series 4 illustrates the optional one mil, series 6 illustrates restricted current funds. The ending number of "1" indicates a summary of revenue and expenditures, an ending number of "2" indicates revenues, and an ending number of "3" indicates expenditures. The final series that rounds out the 0 series (04, 05, 06, 07, 08, and 09) illustrates the plant and endowment funds which are looked at separately from all of the other funds.

The columns shown on the various pages include information to be used in referencing the proposed fiscal year 2016 budget to historical budget information. These columns, from right to left, represent:

1. Tentative 2016 fiscal year budget, beginning July 1, 2015 and ending June 30, 2016.
2. Prior 2015 fiscal year budget, including all board-approved adjustments. Adjustments are normally made on a quarterly basis. The most recent adjustment were approved by the Board at their March 2015 board meeting.
3. Prior 2015 fiscal year budget, as adopted by the Board of Trustees, July 14, 2014.
4. Year to Date Actual Revenues and Expenses for the 2015 fiscal year.
5. Final, Audited Revenues and Expenses for the 2014 fiscal year.
