NORTHWEST COLLEGE

To be voted on by
The Northwest College Board of Trustees July 10 2017

Northwest College fosters an open and non-discriminatory environment throughout the College community. To this end, the College advocates the use of words and actions which promote and encourage individual and collective respect and dignity. Northwest College opposes language and actions which in any way demean others on the basis of their race, gender, national origin, sexual orientation, religious preference, physical characteristics, disability, ancestry, or age. Within the context of First Amendment rights, the College is committed to the elimination of discriminatory language and actions from the College community.

BUDGET NARRATIVE FISCAL 2017-2018 BUDGET

The following narrative presents the annual budget for fiscal year 2018, which is the second year of the 2017-2018 biennium. The budget supports key performance indicators established by the mission and strategic plan of the institution. In addition, the priorities outlined by the Board of Trustees provide additional guidance for preparing the fiscal year 2018 budget.

The budgeting process utilized a continued shared governance effort comprised of faculty, staff and administration, budget managers, and the budget committee. Budget projections and workbooks were available and budget managers reviewed expenditures, assessed prior year operations and discussed upcoming needs to provide budget recommendations. The continued downward trend in local levy revenue projections and earlier large biennium reduction in state revenue continued to complicate the budgeting cycle.

Budget Planning linked to Strategic Planning and Student Success Initiatives

Northwest College's Mission and Vision 2020 strategic plan provides the foundation for the budget planning process. The strategic initiatives of experience, connections, and environment focus resources in the budgeting process.

Board Priorities were developed utilizing the Vision 2020 Plan and the Board's endorsement of the "25 Steps to Student Success". Priorities included action items relating to long term budget development and budget alignment with student success initiatives.

The following examples reflect the application of these priorities in the budget process:

- Title IX and counseling support budgets were expanded to support student retention.
- Deferred maintenance lines were established to address deferred maintenance in the residence halls while maintaining resident life programming.
- Support has been allocated to the Child Learning and Care Center to maintain student services.
- No academic or student services programs were reduced.
- No competitive or co-curricular programs were reduced.
- The President charged the IEC committee to expand programmatic review of academic and non-academic areas during fiscal year 2018 to enhance student success and budgetary prioritization.

These are a few examples of the work that has been done to ensure the fiscal year 2018 budget follows the priorities established by the college.

Funding Formula History

In 2010 Wyoming Community College Commission (WCCC) developed and implemented a new funding model to replace the comparative model. The model utilizes a formula that is based on a fixed and variable cost allocation. Fixed costs are allocated based on historical data and in FY2017 the variable cost has been modified to allocate 25% of the variable portion of the allocation to a new weighted credit hour metric. Additionally, beginning in fiscal year 2018 and culminating in FY2020, a minimum of at least one performance metric and one placement metric, and over the same time period, the percentage of variable costs funding subject to these three metrics – progress, performance and placement – will gradually increase to 50 percent of the variable cost portion of the allocation. The remaining 50 percent of the variable cost allocation will

be allocated using enrollment (i.e. the participation metric). The application of all metrics are implemented through the utilization of the funding formula model.

During the 2016 legislative session, HB80 effectively eliminated the one time only enrollment funding appropriation by permanently rolling it into the base budget allocation effective in the next biennium FY2019-FY2020. The governor provided a final enrollment growth appropriation in fiscal year 2017 but this amount was reduced from prior years. A substantial completion footnote from the last biennium expired as well. The elimination of the footnote resulted in Northwest College appropriations being reduced by approximately \$1.17 million dollars over the biennium. With the conclusion of the 2016 legislative session, the College was allocated \$1.6 million in reductions to our base state appropriations. In April 2016 the Governor called for 7.92% in additional to state agencies. The translated into \$2.5 million in cuts for the biennium in state aid.

In the fall of 2015, Northwest College and other colleges started working closely with county assessors to monitor valuation projections. Recent projections suggest the four mill tax levy biennium revenues will decline over \$10 million for the seven community college districts. Northwest College is estimated to lose an additional \$165,000 compared to the \$1.8 million in fiscal year 2017. Revenue projections for one-mill funds are also estimated to drop by \$35,000 compared to \$460,000 in fiscal year 2017. After final levies are available, the commission will recalculate the funding formula to reflect new local levy, final appropriation and recapture allocations.

Tuition revenue and enrollment declines have slowed and are projected to finish slightly up for FY2017. Although applications are up overall, this seems to be a national trend and actual enrollment is not tracking proportionate to applications. With this in mind, we have projected flat enrollment, and utilized FY2017 actual enrollments to align revenue with enrollment category (in state, WUE, or out of state). The Wyoming Commission approved per credit hour increases for FY2018 to \$5.00 for in-state, \$8.00 for WUE, and \$15.00 for out of state students. This is projected to provide \$35,000 of new revenue. Increased course and mandatory fee revenue is projected to provide approximately \$98,000 in revenue that will be offset with course costs.

Health insurance budget appropriations have been reduced but are still projected to be mostly funded as long as college staff remains the same or is reduced. Retirement appropriations are not fully funded and each college will have to absorb the funding shortfall. Northwest College will lose approximately \$60,000 for the biennium. This does not include the projected loss of reimbursement for the retirement shift from employer to employee. Part of the employer contributions were scheduled to be passed back to the employee in FY 2017 and FY2018. For FY 2018 the College passed .375% of the retirement contribution back to the employee, however, the college will continue to absorb .25% of the shift (approximately \$20,000) for our employees. The College will cover the cost unless modifications are needed in future fiscal years. WYIN funding is anticipated to be fully funded for FY2018.

Overall, Northwest College's state and local levy operating revenues will remain flat FY2018. This projection is based on available information as of June 23, 2017. Once local levy numbers are finalized in July, these numbers will be utilized to recalculate the state funding formula but changes will only be reflected in the recapture redistribution of funds for FY2018.

Current Funds

Current funds include unrestricted operating funds (including community service and continuing education), auxiliary funds, one-mill funds, and restricted current funds. Budgets are presented as balanced with strategic use of surplus balances transferred to reserves or prior carry over balances used for budgeted deficits.

Current fund revenues are subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mill, motor vehicle, and one-mill levy), institutional revenue (tuition, fees, and auxiliary revenues), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2018 budget are listed below:

Unrestricted Operating Fund

The unrestricted current operating fund represents the largest portion of the educational and general operational financial activities of the college. Its revenue is largely determined by the Funding Allocation Model of the WCCC, which establishes funding levels for the Wyoming community colleges in part on the basis variable or instructional cost per credit hour and fixed costs.

As a part of the current funds, operating fund revenues are also subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mill and motor vehicle), institutional revenue (tuition and fees), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2018 budget are listed below:

Unrestricted Revenue

We are anticipating a slight decrease in our block State appropriation of approximately \$20,000 compared to a decrease of \$1,600,000 for FY2017. We will not budget for recalibration/redistribution monies as they are small and could potentially result in a reversion payment into the state once finally calculations are completed by the state. In addition to our block State appropriation we receive additional State appropriations on a reimbursement basis for health insurance premiums (approximately \$2.7 million) and continuing this year, a special State supplemental allocation for three nursing faculty positions (WyIN) (\$242,000).

Local tax revenues are projected to be approximately \$2.4 million for the 4-mill levy and \$600,000 for the 1-mill levy for FY2018. The County has predicted a \$35 million dollar reduction in county valuation. The county will continue to watch revenue projections closely as they are expected to continue to decrease in FY18. The College will continue to work closely with the County to stay abreast of all projections.

Projected institutional revenues from tuition and fees are anticipated to increase by about \$100,000. We are watching enrollment numbers closely and have decided to establish baseline projections at our current levels. The increase is a reflection of the inclusion of the tuition increase approved by the WCCC for FY2018 at \$5 per credit hour. Continued analysis of all course and student fees is planned for FY2018.

Restricted Revenue

Restricted revenues reflect projections for grants and other fund revenue that we are currently holding or for which we have already received authorization, such as Pell, SEOG and Federal Work study funds. Most competitive federal grant award years do not start until August or September and will be added in our first quarter budget adjustments.

Unrestricted Operating Salary & Benefits and Early Retirement for Staff (VERP)

Due to enrollment levels and large reductions in state and local funding, no salary increases have been budgeted for the FY2018 budget. Additionally, due to the large budgetary reductions and a desire to maintain current levels of service, the board of trustees has elected not to fund the voluntary early retirement plan for staff positions.

Auxiliary Enterprises

Residence hall rooms and Trapper Village West apartment rates were recommended, approved, and will be increased between 0-15% for FY2018. Food rates were increased by 4%. All Auxiliary Fund areas were budgeted to maximize revenues and still remain affordable to our students. The Learning and Care Center will enter its second year of being open to the public and providing year around service. There will not be a change in the Center rates for FY 2018. The Learning and Care Center support line will be increased by \$25,000 for FY 2018 to assist during this transitional period. All other support lines remained the same for FY 2018 (music camp, gallery, magazine, cable, livestock and writers series). The College continues to review the services provided and impact of the auxiliaries on campus. The College continues to monitor the Fair Labor Standards Act for any changes this may have on wages paid to our employees. Carryover funds continue to be committed to Trapper Village West and Residence Halls to address improvements which provide benefits to the students overall experience at Northwest College.

How to Read This Report

This budget for the fiscal year of 2017-2018 follows the format based upon National Association of College and University Business Officers (NACUBO) guidelines.

These forms are organized in series of three reports each, such as (01, 02, 03), (21, 22, 23) and (31, 32, 33) and so on. The first number of the series indicates the fund type thus, the first series of 0 illustrates a summary of all of the other report series excluding plant fund and endowments, series 2 illustrates unrestricted operating fund with community and continuing education included, series 3 illustrates auxiliary services, series 4 illustrates the optional one mill, series 6 illustrates restricted current funds. The ending number of "1" indicates a summary of revenue and expenditures, an ending number of "2" indicates revenues, and an ending number of "3" indicates expenditures. The final series that rounds out the 0 series (04, 05, 06, 07, 08, and 09) illustrates the plant and endowment funds which are looked at separately from all of the other funds.

The columns shown on the various pages include information to be used in referencing the proposed fiscal year 2018 budget to historical budget information. These columns, from right to left, represent:

1. Tentative 2018 fiscal year budget, beginning July 1, 2017 and ending June 30, 2018.
2. Prior 2017 fiscal year budget, including all board-approved adjustments. Adjustments are normally made on a quarterly basis. The most recent adjustments were approved by the Board at their March 2017 board meeting.
3. Prior 2017 fiscal year budget, as adopted by the Board of Trustees, July 11, 2016.
4. Year to Date Actual Revenues and Expenses for the 2017 fiscal year.
5. Final, Audited Revenues and Expenses for the 2016 fiscal year.
