FOR

Fiscal Year Beginning July 1, 2021 and Ending June 30, 2022

NORTHWEST COLLEGE

**To be voted on by
The Northwest College Board of Trustees July 12, 2021**

Northwest College fosters an open and non-discriminatory environment throughout the College community. To this end, the College advocates the use of words and actions which promote and encourage individual and collective respect and dignity. Northwest College opposes language and actions which in any way demean others on the basis of their race, gender, national origin, sexual orientation, religious preference, physical characteristics, disability, ancestry, or age. Within the context of First Amendment rights, the College is committed to the elimination of discriminatory language and actions from the College community.

**NORTHWEST COLLEGE
BUDGET MESSAGE
FISCAL 2021-2022 BUDGET**

Presented herein is the annual budget for Northwest College, State of Wyoming, for the fiscal year 2022. The Mission of Northwest College, to be Student-Centered, continues to shine brightly, even in the midst of the pandemic and declining economics at State and National levels. Our ongoing commitment to providing high-quality educational programs resulted in a highly successful 2020-21 academic year. The college's operating plan of 2B resulted in 267 individuals applying for graduation compared to 284 graduates in FY 2020. This is a testament to the efforts and commitment that our faculty and staff exhibit every day. Our Mission, coupled with our Vision 2025 Strategic Plan, provides the foundation from which the budgeting process begins.

Fiscal 2022 marks the second half of the biennium budget cycle for the State. Economic decline is still a big concern statewide, especially in the mining and extraction segment of the state's economy. The mining and extraction industry decline along with lingering affects from the Coronavirus pandemic leaves uncertainty regarding all College revenue lines. Student enrollment has remained steady which is a result of enrollment efforts and students interest in services provided by Northwest College. Still, future enrollment projections are clouded, nationwide, by uncertain student interest levels fueled from pandemic fears, economic uncertainty, and possible limitations to the traditional on-campus student experience. Northwest College continues to promote our high quality, cost-effective programs in an effort to maintain or grow our enrollment levels for next year.

For Northwest College, current local levy projections have declined 11% for the next year. State revenue is estimated to reduce by 4.8%. This is prior to any funding formula recalculations or changes in allocated State appropriations. Further reductions, if any, are unknown at this time. Northwest College will continue to monitor state and local economic projections and will make budgetary adjustments as necessary.

Auxiliary revenue has been budgeted at a 22% reduction. There are three major factors behind this decrease. The first factor is the transfer of the student wellness fee including 3 employees to fund 10 of approximately \$250,000. Second is the decision to close the childcare center an approximate revenue reduction of \$230,000. Finally, reduced occupancy in the residence halls and dining usage is budgeted to decline by approximately \$250,000.

Restricted Revenues has been budgeted with a reduction of approximately \$8,600,000 due to the timing of FY 2022 grant awards, spending on Federal Coronavirus Relief Funds and approximately \$5,500,000 in grant awards from the State of Wyoming for Coronavirus relief.

The College is working with State and Federal agencies regarding Coronavirus Relief Funds. The availability of any additional funds to the College are unknown at this time. The college will continue to monitor the grant requirements associated with its current awards and will continue to receive all funds possible and to use those funds for student and campus support as regulations allow.

The President, in consultation with the Board Finance Committee and campus employees, has developed a list of considerations that serve as a guiding document in the budgetary process.

- Instruction, Student Services, Administrative Services, Physical Plant and Presidents direct reports – review all operations for continuation, service changes, efficiencies reductions, or eliminations.
- Competitive and Co-Curricular Activities- Review, streamline or reduce activities.
- Early Retirement/Special Offering- No special offering provided by early retirements.
- Open Positions- Reduce or reallocate open positions to greatest operational need.
- Interim and Fixed Term Position- Review positions for greatest operational need.
- Compensation - Compensation will be reviewed and analyzed to ensure no significant market loss occurs. Faculty salaries will be adjusted to meet faculty salary structure tied to tenure and promotion.
- Employee Retirement- Based on 2018 legislative session, both the employee and employer contributions will both increase by .25% for the next fiscal year.
- Reduction in Force- If reduction in force must occur, the College will follow Board Policy 5510 Reduction in Force.
- Reserves- Reserve utilization will be considered but only to transition away from existing operations.
- Space Utilization- Spaces must be reviewed for utilization and potential closure until funding stabilizes and occupancy increases.
- Programmatic Reviews- Continue programmatic reviews. The Central Assessment Team and Institutional Effectiveness Committee will continue oversight and reviews.
- Life, health, safety – Continue the lessons learned from the COVID-19 pandemic which brought forth the necessity to develop innovative ideas and comprehensive plans to insure life, health, and safety is maintained for our student, staff, and community in addition to providing greater flexibility for the services we offer.
- Employer Retirement Contribution 3% Transfer to Employees- The Board of Trustees voted in April 2021 to transfer 3% of the employer retirement contribution to the employee. Since April 2021, multiple Park County government agencies have voted to provide employee raises. Due to one time only true up of budget to actual insurance costs, the College instituted a temporary hold on transferring the 3% employer contribution to the employee for FY 2022. This temporary hold will assist in retention and inflationary considerations.

REVENUE OUTLOOK

Current Funds

Current funds include unrestricted operating funds (including community service and continuing education), auxiliary funds, one-mill funds, and restricted current funds. Budgets are presented as balanced with carryover funds being utilized and no use of reserves.

Current fund revenues are subdivided into four categories of sources; state support (general and area-specific support and ABE/GED/ESL), local revenue (four-mill, motor vehicle, and one-mill levy), institutional revenue (tuition, fees, and auxiliary revenues), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2022 budget are listed below:

Unrestricted Operating Fund

The unrestricted current operating fund represents the largest portion of the educational, operational and financial activities of the College. Its revenue is largely determined by the Funding Allocation Model of the Wyoming Community College Commission, which establishes funding levels for the Wyoming community colleges in part based on fixed and variable costs, enrollment, weighted credit hours, and degree attainment.

As a part of the current funds, operating fund revenues are also subdivided into four categories of sources; state support (general and area-specific support and ABE/GED/ESL), local revenue (four-mill and motor vehicle), institutional revenue (tuition and fees), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2022 budget are listed below:

Unrestricted Revenue

We are anticipating a decrease in our block State appropriation of approximately \$500,000. Decrease is due to reduced state appropriations and reduction in number of college employees resulting in reduced reimbursement from the health insurance pool due to less college expenses. We will not budget for recalibration/redistribution monies as they are unknown at this time.

Local tax revenues are projected to be approximately \$2.5 million for the 4-mill levy and \$600,000 for the 1-mill levy for FY2022. The county will continue to watch revenue projections closely due to the economic unknowns associated with the mining and extraction industries. Current increases on personal property valuation does not offset the decrease in valuation from the

mineral and extraction industry within Park County. Current projections are holding but future revenues are unknown at this time.

Projected institutional revenues from tuition and fees are anticipated to increase for FY 2022. The Wyoming Community College Commission increased tuition rates by 6% in addition to removing the flat spot for tuition after 15 credit hours. In addition, the college's board of trustees increased student fixed fees from \$41 per credit hour to \$51 per credit hour with no flat spot for credit hours taken. The college has elected to utilize 2020 budgeted students by credit hours taken which would account for any lingering enrollment declines from the pandemic or changes in enrollment demographics.

Restricted Revenue

Restricted revenues reflect projections for grants and other fund revenue that we are currently holding or for which we have already received authorization, such as Pell, SEOG, and Federal Work-study funds. Most competitive federal grant award years do not start until August or September and will be added in our first quarter budget adjustments.

Carryover

Carryover refers to funds that are budgeted, not fully expended, and will be carried over to the following budget year. Examples include projects started but not completed by year-end. Minimal carryover is expected for fiscal 2022.

Reserve utilization

Reserve utilization is the use of prior-year reserves in the following year to support short term needs or transitional change. Reserve utilization is only expected to be used if enrollment declines below budgeted amounts, local valuations decrease below projections or reductions in state appropriations occur.

Auxiliary Enterprises

Residence hall and dining service rates were reviewed, adjusted, and approved. Budgets were built using realistic occupancy and rates were set to encourage affordability and occupancy. All other Auxiliary Fund areas were budgeted to cover operational costs and remain affordable to our students.
