Students and families sometimes make errors on their applications so there is a process for verifying information and making corrections. It's called "verification" and your 2025–2026 Free Application for Federal Student Aid (FAFSA) was selected for review. The Financial Aid Office will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be revised. To complete the verification review, you must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid office. The Financial Aid Office may ask for additional information or clarification as your information is verified. If you have questions about verification, contact the Financial Aid Office.

### A Dependent Student's Information

Student's Last Name	First Name	M.I.	Social Security Number (last 4 digits)
Street Address (include apt. no.)			Email Address

Home Phone Number (include area code)		Alternate or Cell Phone Number	

### B Dependent Student's Family Size

Family Size - Includes the following:

- The student.
- The student's parents, even if the student is not living with them. Exclude a parent who has died or is not living in the household because of separation or divorce. Include a parent who is on active duty in the U.S. Armed Forces apart from the family.
- The student's siblings if the following are true:
  - They live with the student's parents (or live apart because of college enrollment),
  - They receive more than half of their support from the student's parents, and
  - They will continue to receive more than half their support from the student's parents during the award year.

  - They receive more than half of their support from the student's parents, and
  - They will continue to receive more than half their support from the student's parents during the award year.

The provided criteria for "dependent children" or "other persons" align with the requirement that family size align with whom the parent could claim as a dependent on a U.S. tax return if the parent were to file a U.S. tax return at the time of completing the 2025-2026 FAFSA. As a result, the parent should not include any unborn children in the family size.

If more space is needed, attach a separate page with the student's name and last 4 digits of social security number at the top.
