

VOLUNTEER EXPECTATIONS

In the context of a global society, the mission of Northwest College is to be Student-centered and forward-thinking and to prepare students for transfer, career, and life by retaining and graduating students, while cultivating community. This mission brings people from all over the world to collaborate, grow, and learn. We take great pride in our students and their success.

As communicable illnesses remain in our minds, it is our collective responsibility to help limit the spread of germs and illness on campus. Health & Wellness expectations are universal:

- **Stay Home if you are sick** – Whether you're a student, employee, or volunteer, the College requests that you stay home and not come to campus if you're feeling under the weather. Follow Wyoming Department of Health (WDH and/or public health) and your healthcare provider's directives.
- **Be Considerate of Others** – Be mindful of proximity to others, wash hands frequently, & cover coughs/sneezes to help stop the spread of germs & illnesses. N95 masks are available.

If you need additional details on any of the College's health & wellness expectations, contact your Volunteer Supervisor or Jill Anderson, HR Director, at jill.anderson@nwc.edu or 307-754-6401. Thank you in advance for your cooperation.

Lisa Watson
President
Northwest College
