

## STUDENT SHOWCASE PRESENTATION

**Title:** Mi Querida Colombia, Paraiso Mágico

**Abstract:** My dear Colombia, magical paradise. This exhibit invites you to explore the beauty that is Colombia. Go beyond the stereotypes the country has carried for decades and learn about its vast diversity through a display of the culture, music, life, joy, and some of the most spectacular landscapes of each region. While visitors will be able to taste the delight of Colombian coffee, they will also gain insight into some of the economic resources of the country outside of its famous coffee industry. Delve into Colombian culture, including how it inspired the blockbuster Disney film “Encanto,” and why this presenter is proud to call Colombia home.
