

I had the opportunity to intern at the Wyoming State Legislature during the 2025 General Session. This immersive experience allowed me to learn, understand, and be part of the inner workings of our state legislature. In this presentation, I will share some of the insights I learned from my time as an intern. In particular, I will discuss how crucial offices, like the Legislative Service Office, allow the Wyoming State Legislature to function at the rate it does. I will also discuss how my interactions with elected officials, the public, and other interns aided my understanding of how our Wyoming communities are affected by the laws the Wyoming State Legislature creates.
